

INFORMATION ON LINGUISTIC POLICY FOR INCOMING AND OUTCOMING STUDENTS

Preschool Teacher Training and Business Informatics College of Applied Studies-Sirmium ensures that outgoing mobile participants are well prepared for the mobility, including the necessary level of linguistic proficiency. All students in Preschool Teacher Training and Business Informatics College of Applied Studies-Sirmium have English in their curricula during two or three semesters. Within selection procedure for outgoing mobility of students, their proficiency in foreign language is checked with written and oral examination following the Common European Framework of Reference for Languages. Professors took part in English language course during the implementation of Tempus Teach Project at B2 level according to CEF standards. Preschool Teacher Training and Business Informatics College of Applied Studies-Sirmium provides appropriate linguistic support to incoming mobile participants. Incoming students are offered courses in Serbian, English and Russian. As far as Serbian language is concerned Preschool Teacher Training and Business Informatics College of Applied Studies-Sirmium organizes Intensive Course of Serbian Language and Literature that are held in each semester of each academic year. These courses are planned to provide sufficient linguistic preparation for students as well as to provide necessary information on our culture. These courses are free of charge and at the entire expense of Preschool Teacher Training and Business Informatics College of Applied Studies-Sirmium.
