

Preschool Teacher Training and Business Informatics College – Sirmium,
Sremska Mitrovica

Zmaj Jovina 29, 22000 Sremska Mitrovica | tel/fax: 022/621-864 | sekretarijat@sm-vaspita.edu.rs | www.vs-sirmium.sm.ac.rs

Preschool Teacher Training and Business Informatics College of Applied Studies – Sirmium in Sremska Mitrovica was established in 1962. It continues long tradition of teacher and preschool teacher education in the region of Srem. Preschool Teacher Training College of Applied Studies qualifies vocational preschool teachers. Preschool Teacher Training College of Applied Studies has also accredited Distance Learning Course and has become one of the leaders in this field. Preschool Teacher Training and Business Informatics College of Applied Studies - Sirmium in Sremska Mitrovica took active part in the process of harmonization and modernization of curriculum. Cooperation with other Preschool Teacher Training Colleges in the region and EU partners has improved the process of harmonization. Preschool Teacher Training and Business Informatics College of Applied Studies continues the cooperation with preschool institutions and examines the possibilities of continuous education courses improvement, as well as the possibilities of professional development of preschool teachers.

Study programme *Preschool teacher* offered at Preschool Teacher Training and Business Informatics College – Sirmium in Sremska Mitrovica is carried out in line with the Bologna principles. The European Credit Transfer has been fully introduced. Students obtain 180 ECTS during six semesters. Student workload is expressed with 60 ECTS for one academic year. One ECTS corresponds with 25 hours of student work. The programme aims at developing students' abilities of integrated approach to the education of preschool children aged 3 to 7. The programme qualifies students to apply critical approach and show readiness for team work, as well as to gain competencies for continuing professional development. Apart from assigned ECTS credits, all courses provide clear overview of learning outcomes.
