Mission

The aim of the Institutional Department of International Relations is to support the internationalization strategy of the Preschool Teacher Training and Business Informatics College

of Applied Studies - Sirmium, and promote education in the fields of preschool children education and computing science in Serbia and abroad.

Institutional Department of International Relations:

- offers information concerning the conditions for obtaining grants abroad, offered by different institutions, national and international organizations;
- is in charge of incoming and outgoing mobilities of teaching and administrative staff and students
- offers technical assistance concerning travelling abroad of our teaching and administrative staff and students, as well as concerning the organization of schedules, accommodation, visas for incoming teaching, administrative staff and students
- is in charge of the official correspondence related with universities abroad;
- elaborates informative materials in English promoting the College and Department abroad
- inform students, teaching and administrative staff on the educational offer
- present international programmes in which the College is involved

Open for public: Wednesday– Friday, 10.00 – 13.00
